RUSH NEW DECREES BEFORE EXPIRATION OF SPECIAL POWERS

New Laws Announced in Paris Putting Into Operation Premier Daladier's Plan of Guided Economy—Financial Measures Are Expected To Effect Saving of Many Millions

PARIS, Nov. 14 (P).—Premier Edouard Daladier today put into operation his plan of "guided economy" to bolster France's financial structure and rushed through a new batch of decree laws against mounting labor and Leftist opposition. A new list of twelve decree laws was announced shortly before the midnight expiration of Daladier's decree powers granted by Parliament.

Most of them were administrative decrees, withheld from publication heretofore to avoid any confusion with the series of thirty-two decrees announced Saturday in Finance Minister Paul Reynaud's financial programme.

STOPPING REPERCUSSIONS
Foreign Minister Georges Bonnet sponsored two of the new decrees, one of which authorizes closed hearings in court cases "likely to have international repercussions."

The second would permit the Foreign Ministry to prosecute newspapers publishing a statement which might be considered offensive to the head of a foreign state.

The new laws were announced despite an earlier communique which said no more would be promulgated and that Parliament would act on any other measures deemed necessary to cope with France's financial problems.

These problems include the national debt, growing at the rate of 12 per cent a year and which is expected to be 570,000,000 francs (about \$15,162,000,000) at the end of 1938.

Saturday's thirty-two decrees, which Finance Minister Paul Reynaud declared would give the Government an extra 20,000,000,000 francs (about \$532,000,000), in effect abolished the forty-hour week, increased income taxes and increased the price of sugar, tobacco, and subway fares.

Premier Daladier has said next

INDIAN SUMMER COMES TO END

Winter Closing In on Several States—Ice Forming at Niagara

By the Associated Press.

Snow fell in half a dozen states yesterday, closing out the Indian Summer season and putting heavy overcoats in the "must remember" class.

Stiff west winds started it all. They whipped up snow flurries in Maine, New Hampshire, Vermont, Upper New York, North and South Dakota; pushed the temperature down over the North Atlantic seaboard, and introduced a winter weather in Chicago, Devil's Lake, N.D., Bemidji, Minn., and scores of other Mid-Western places.

In the East, the sun was kind to suburban gardeners. But the first coating of ice appeared at Niagara Falls; two to four inches of snow dropped on Bethel, Me.

COOL IN NEW YORK

In New York City, the mercury dropped to 43. Albany, N.Y., recorded the season's first snowfall. In Manchester, N.H., the temperature dropped to 38 at midnight. Out of Sault Ste. Marie, Mich., five lake freighters pushed into high winds whipping Lake Superior. In Wisconsin the mercury ran from 8 above at Park Falls to 24 above at Milwaukee. A forty-five-mile-an-hour wind tied up shipping in Lake Ontario and forced the mercury down to freezing.

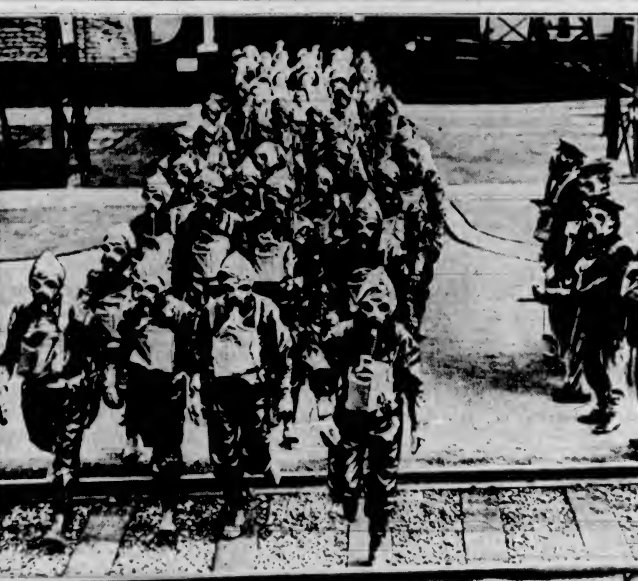

New York Slayer Given Life Term

NEW YORK, Nov. 14 (P).—Robert Irwin, the "mad sculptor" who killed a mother and beautiful daughter and their apartment house on Easter morn., 1937, today accepted—but protested—a life-in-prison rather than the possibility of death in the electric chair. The thirty-one-year-old one-time divinity student and erstwhile asylum inmate abruptly pleaded guilty to second-degree murder before completion of a jury to try him on first-degree charges.

Separate Control Of Sinking Funds Urged in House

Herbert Anscomb, M.P.P., and H. E. Winch, M.P.P., Lead Opposition Attack on Budget, as Legislature Resumes After Four-Day Recess—Many Policies Are Criticized

REMOVAL of all sinking funds from the hands of Provincial and municipal governments, and their control by an independent board of trustees in the interests of the bondholders was recommended in the British Columbia Legislature yesterday by Herbert Anscomb (Conservative, Victoria), in a two-hour attack on fiscal and other policies of the Administration.

Dr. Manion, named party leader at the national convention in Ottawa last July, polled an unofficial total of 11,254 votes to 8,209 for Hall, who ran fourth with 3,041 in the last general election.

No Liberal candidate ran, in accordance with the expressed wish of Prime Minister Mackenzie King, who said he would like Dr. Manion to obtain a seat unopposed.

PLACING BANS ON MARRIAGES

Italian Government's Latest Decree Reported Displeasing to the Vatican

VATICAN CITY, Nov. 14 (P).—Fascist Italy's prohibition of marriages between "Aryan" and "non-Aryan" Italians has opened a fresh breach between the Vatican and the Italian Government.

A protest of the church against the new marriage law as a violation of the 1929 Concordat was announced today along with disclosure that Pope Pius had appealed personally to both Premier Mussolini and King Vittorio Emanuele in an effort, which proved futile, to forestall the legislation.

L'Espresso, Italian newspaper, in reporting the Holy See's view, spoke of the new marriage decree both as "wounding" the agreement between the church and the Italian Government and as "breaking" it.

The Concordat provides church marriages shall be recognized for civil authorities, whereas the new Italian decree prohibits civil authorities from registering marriages between "Aryans" and "non-Aryans," and declares such marriages null.

New Transportation System to Replace Trams Is Discussed

Chamber of Commerce Committee Thanked for Efforts and Asked to Continue—Business Men Give Their Views at Quarterly Meeting

TRANSPORTATION problems were discussed at length by members of the Victoria Chamber of Commerce during the quarterly meeting in Spencer's dining-room yesterday afternoon—Duncan MacBride presided.

On motion of David Leeming, the special committee on transportation was heartily thanked and asked to continue in co-operation with a group from the Victoria Real Estate Board.

OLD MYSTERY RESURRECTED

Star Witness at Former Murder Trial Now Himself Accused

MONTREAL, Nov. 14 (P).—Re-opening an eight-year-old slaying mystery, Provincial Police tonight jailed Antonio Godon, twenty-eight, on a charge of murdering Simone Caron, seven, whose mutilated body was found in a burlap bag in the cellar of Roussin Academy at nearby Pointe-Aux-Trembles in 1930.

A star prosecution witness when a religious brother was tried twice on the charge of murdering the girl, Godon was arrested suddenly and secretly near Quebec City over the week-end in a startling sequel to a protracted police investigation generally believed dropped after acquittal of the other man.

SENTENCED TO DEATH
Rev. Brother Doesthe, who lived at the academy, once was sentenced to hang after being convicted of killing the girl.

The brother, whose baptismal name was Albert Noquet, gained a new trial and was acquitted.

The man now held, at the time employed in the academy as a kitchen helper, testified at both trials for the Crown.

Police refused to reveal circumstances of his arrest, although he was taken into custody on Saturday, was kept the fact secret until he was brought to the cells at Provincial Police headquarters here tonight.

Godon was arrested on a warrant issued Wednesday, by Judge Maurice Tremblay here.

A few days after discovery of the body, Brother Doesthe was arrested. After the two trials, he was believed

Need of Unity Throughout Canada Emphasized by Speakers at Edmonton Meeting

EDMONTON, Nov. 14 (P).—Gathering and distribution of news to Western Canada daily newspapers, plainly aroused by the sweeping measures taken against Jews by German Nazis, called its ambassador home tonight for "report and consultation." The step does not, however, mean a break in diplomatic relations.

SHANGHAI, Nov. 15 (P).—Japanese forces pushed steadily toward Changsha, capital of Hunan Province, today, mopping up straggling Chinese units along Lake Tungting and in the hills to the east. Foreign observers said the Japanese might meet their first major obstacle at the Mi River, about midway.

BRITAIN RESENTS NAZI PRESS ATTACK; PREMIER CAUTIOUS IN REPLIES ON COLONIAL MATTER

To Check Reserves Held by Workmen's Compensation Plan

THE British Columbia Government had engaged G. A. Touche & Company, chartered accountants, to make an actuarial survey covering the adequacy of reserves under the Workmen's Compensation Board and the value of certificates held in that connection. Hon. G. S. Pearson, Minister of Labor, announced yesterday in the Legislature. The firm's report would be presented to the House later, he said.

Considering President's Peace Plea

PITTSBURGH, Nov. 14 (P).—The Committee for Industrial Organization tonight summoned its peace committee into consultation in the wake of President Roosevelt's renewed plea for peace and unity within labor's ranks.

Seeking an end to the three-year warfare between the C.I.O. and American Federation of Labor, Mr. Roosevelt, in a letter, called upon the first C.I.O. constitutional convention to leave open "every possible door to access to peace and progress in the affairs of organized labor in the United States."

RADIO CONTROL INQUIRY OPENS

United States Commission To Determine Status of Broadcasting Industry

WASHINGTON, Nov. 14 (P).—Three members of the United States Communications Commission, beginning an inquiry to determine whether monopolistic practices exist in the broadcasting industry, heard a plea today that radio be allowed to govern itself under a self-imposed code.

David Sarnoff, president of the Radio Corporation of America, said Government control of broadcasting was an implement of dictatorships. He testified further that "censorship of public opinion" was the "democratic way in a democratic country."

The witness said that N.B.C. was wholly owned by R.C.A. and that no single stockholder owned as much as one-half of 1 per cent of R.C.A. stock.

Sarnoff was followed in the witness chair by Frank E. Mason, N.B.C. vice-president, who described the company's organization and said that it had 2,273 employees in its eleven offices.

N.B.C. attorneys said the company would offer sixteen witnesses. They added that Walter Damrosch, symphony conductor, who was scheduled to testify, would not be called for the present.

Frank R. McNinch, commission chairman, said witnesses for the Columbia and Mutual systems would be heard after those of N.B.C. He confirmed predictions of a long hearing by saying that an eleven-day recess would be taken over the Christmas holidays.

Members of House Angry Over Germany's Treatment of Jews—Chamberlain Fails to Indicate What Effect Hitler's New Campaign Would Have on Efforts on Peace Agreement

Hold Decision on Mandated Areas Until House Debate

LONDON, Nov. 14 (P).—Prime Minister Chamberlain told the House of Commons today Britons had "deep sympathy" for the Jews in Germany, and disclosed the Government had lodged a strong protest against Nazi press attacks on certain British political leaders. Under a barrage of questions from a House made angry by Germany's treatment of the Jews, Mr. Chamberlain did not indicate what effect, if any, Germany's new campaign would have on his efforts to get a lasting friendship pact with Reichsfuehrer Hitler.

U.S. LEADERS WARN NAZIS

Secretary of Interior Bitterly Denounces German Treatment of Jews

NEW YORK, Nov. 14 (P).—A proposal that the United States sever diplomatic relations with Germany if the Reich continues abuse of Jews was made by Senator William H. King (Democrat, Utah) tonight. He and five other leaders of politics and religion protested what they called the barbarism of the Nazis.

Speaking on a nation-wide radio (C.B.S.) symposium, Secretary of the Interior Ickes warned Germany, "no nation can live unto itself alone. The time comes when neither man nor nation can live without the decent respect of their fellow men."

Secretary Ickes, saying he spoke only as a citizen and a Christian, referred to German confiscation of Jewish property by saying "it is an old stratagem of tyrants first to make hated those they intend to rob."

FEAR WEAKNESS IN NEW POLICY

Conservative Private Members' Committee Against Submission on Colonies

LONDON, Nov. 14 (P).—A meeting of the "Conservative private members' committee" in the House of Commons, was declared in reliable lobby quarters tonight to have condemned what they feared was the Government's "policy of weak submission in regard to colonies." The Associated Press reported.

At the same time, The Associated Press said, a speech by Oswald Pirow, Defence Minister of South Africa, intimating he might favor a settlement to gain "peace at any reasonable price," was interpreted as indication Prime Minister Chamberlain's efforts to reach a general peace with Germany would not be halted by Germany's anti-Semitic campaign.

The statement by Mr. Pirow, who

Vancouver Police Now Seeking Identity of Girl Taken To Hospital

VANCOUVER, Nov. 14 (P).—Vancouver police sent inquiries as far afield as Montreal and Toronto tonight as they sought to establish the identity of a young girl, Vancouver's second amnesia victim within two weeks.

The girl, about twenty-four, with brown hair and grey eyes, collapsed in a downtown theatre Saturday night. Taken to hospital, she was unable to remember her name, address or where she had been.

"I was sick for a long time—that's all I remember," she told Detective P. O. Fish, of the Vancouver missing persons bureau.

There were no labels on her clothing and she had no baggage. In her purse was found an address book. One was that of Mrs. S. J. Williams, 4428 Willbroad Avenue, Verdun, P.Q., Montreal. The other was Miss Beila A. Brown, 199 Milton Street, Montreal.

Detective Fish said there were only two Canadian addresses in the book. One was that of Mrs. S. J. Williams, 4428 Willbroad Avenue, Verdun, P.Q., Montreal. The other was Miss Beila A. Brown, 199 Milton Street, Montreal.

Saves Life By His Skill With Lasso

NEW YORK, Nov. 14 (P).—A cop turned cowboy yesterday saved a life. Leslie Sherwood, an unemployed negro, was preparing to jump from a third-story window yesterday when neighbors called police. Patrolman Arthur Hayes answered the call, but Sherwood threatened him, with three open knives. Another policeman handed a rope to Hayes who deftly looped the noose over the negro just as he attempted to leap.

STATES PEACE EFFORT FAILED

Mrs. Nellie McClung Addresses Oxford Group Reception Here

Three interesting word pictures of impressions gained during her recent visit to Europe were drawn by Mrs. Nellie McClung, in an address given at a reception arranged in her honor by the local branch of the Oxford Group on Sunday afternoon. The gathering was very largely attended, and was presided over by H. G. Garrett.

Mrs. McClung, who was one of Canada's delegates to the League of Nations Assembly in Geneva, said ground for satisfaction in the splendid work done by the League along social welfare lines, but declared that its efforts towards world peace had failed. She deplored the sale by Canada and other nations of raw materials to Japan, for the manufacture of armaments.

WAVE OF FEAR
The speaker's second word picture was of a wave of fear that had spread over the countries of Europe. While she was in Great Britain, preparations were being made to insure against emergencies, and everywhere there were reminders that another war would spell the destruction of civilization.

Mrs. McClung found encouragement, however, in the Oxford Group gathering held in Geneva, which she used as the subject of her third word picture. At this gathering 2,000 delegates from all over the world, representing all creeds, colors and classes, had dedicated themselves to exemplify as far as lay in their power the efficacy of the application of Christian principles in human national relationships.

"If we would all cast resentments

and hatreds out of our hearts and practice the real spirit of Christianity as exemplified in the love of God, we would find a solution of the world's problems."

Mrs. McClung recalled the Archbishop of Canterbury's stirring message to the world, calling for moral rearmament as a solution of the world's problems, and concluded "I had a new vision of what Canada might be, of what we could do, if every home were to become a fortified centre of love, if we all would cast our resentments from our hearts, if we would open the door to bring in some of the unhappy homeless victims of persecution in other countries."

Prior to the address, tea was served and a social hour enjoyed.

SYSTEM TO REPLACE TRAMS IS DISCUSSED

Continued from Page 1

proached Cabinet Ministers and high officials on matters affecting the welfare of the city.

Mr. MacBride openly admitted the alacrity of the Mayor and council in seeking the best possible system to replace street cars. He believed the transportation and light and power questions should be separated, and that any new transportation system should be a unified one for Greater Victoria. In conclusion, he stated the chamber was anxious and willing to co-operate with civic authorities at all times.

IN AGREEMENT
F. E. Winslow, chairman of the Real Estate Board committee on transportation, heartily agreed with Mr. MacBride.

Harold Husband declared he and his associates would like the opportunity to bid on a Greater Victoria bus system. First, he would like to know how the proposed Provincial Government public utility bill would affect transportation, and what routes buses would be required to serve.

Alderman W. Lloyd Morgan asserted all the reports of R. W. Beck on public utility matters were supervised by J. D. Ross, a recognized authority on the subject. He realized transportation was a problem for Greater Victoria, and the City Council was working along that line in endeavoring to prepare a reasonable franchise.

The council would like to call for bids to provide a Greater Victoria bus system, but its dealings were controlled by the Municipal Act, he explained.

In response to a question by J. O. Cameron regarding electric trolley buses, Alderman Morgan said the City Council had been informed such vehicles, with auxiliary engines to augment their service beyond the end of trolley lines would prove too expensive. He added that those interested had the right to tender on any form of transportation.

Mr. MacBride interjected that the fare rate structure would have to be based upon a Greater Victoria system.

Reeve William Crouch stated the

outside municipalities were treading cautiously and could not see why the city wanted to rush transportation matters. He thought no further action should be taken until terms of the Government Public Utilities Bill were known. In his opinion, the municipalities would undoubtedly co-operate to the fullest extent with the city.

Reeve R. R. Taylor agreed with Reeve Crouch. He said the municipalities all desired a unified transportation system.

Alderman Alex Peden hoped the municipalities would pay their share of the cost of franchise investigations. He saw no reason why there should not be a Greater Victoria transportation, fire protection, light, water and police systems. He said the city's transportation by-law must be presented to the electorate on December 8, or a special plebiscite would be necessary.

Reeve Crouch answered that the municipalities probably would share part of the cost of the transportation investigation. They wanted to know if there was any limit to the expenditure. If the City Council went against the wishes of the municipalities, they could not expect full co-operation, he added.

EXPLAINS ACTION
Alderman Morgan explained the city would call for transportation tenders, and the one accepted would be incorporated in the transportation by-law for presentation to the electorate. He believed street cars would still be in operation six to ten months from the present date.

Mr. Leeming wanted to be sure that the routes of a new transportation system would not extend the area of the present business district and thus create a destruction of rentals and assessment of values. He hoped the council would make available a map of all routes.

He saw no reason why an attempt should be made to pass the transportation by-law in December. Mr. MacBride said directors of the Chamber of Commerce would seek a route map. He had received assurance that the present main business district routes would be maintained.

Committee Told Contractor Was Paid Too Much

An allegation of irregularities in payments for work on the Dutch Creek section of the Radium-Kingsgate Highway, contained in letters read by Harold E. Winch, M.P.P., before the public accounts committee of the Legislature on Monday.

Mr. Winch stated that he was making no allegations himself, but was merely producing evidence given to him.

The long-delayed Anglo-Italian accord will become effective Wednesday, Prime Minister Chamberlain announced.

SPANISH VOLUNTEERS
The Non-Intervention Committee meanwhile launched a final effort to obtain Inaugural General Franco's agreement to put into operation its plan for withdrawal of volunteers in Spain's civil war.

Francis Henning, secretary to the Non-Intervention Board, left for Burgos, seat of the insurgent administration, to make another plea to Franco to modify his insistence he be given full rights before withdrawing more volunteers from his side.

Henning was expected to return to London with a final report before Mr. Chamberlain and Foreign Secretary Viscount Halifax leave for Paris November 23, when the whole problem will be threshed out with the French.

DECREES AGAINST JEWS
BERLIN, Nov. 14 (AP)—New decrees to ostracize Jews and regulate Jewish life in detail were being drafted by experts in German cabinet ministries tonight in continuation of Nazi Germany's anti-Semitic campaign.

Jewish students were expelled from all universities and other institutions of higher learning today. Previously Jewish professors had been ousted, and in 1936 lower grade pupils from six to fourteen years old were taken from German schools and put into private schools.

BARRED FROM EXCHANGE
Besides the education order, Jews were forbidden, temporarily, to sell on the Berlin Stock Exchange. The Stock Exchange order was designed to keep the market from falling in the face of reports from the provinces there had been heavy selling on behalf of Jews.

The Foreign Office apparently had been prepared for a British protest delivered by Sir George Ogilvie-Forbes, British charge d'affaires.

The protest was against an article in Propaganda Minister Goebbels' newspaper, Der Angriff, which linked the names of several British statesmen with that of Herschel Grynszpan, Jewish youth who killed Ernst von Rath, Paris German Embassy secretary.

SAYS PROTEST ANSWERED
Foreign Under-Secretary Ernst Woermann was said to have answered the protest by referring to an interview Goebbels gave to Reuters, British news agency, Saturday. In the interview Goebbels was quoted as saying he did not know of any slights to the British statesmen, but that if anyone had been

DEAN ELLIOTT LEADS SERVICE

Impressive Sermon Delivered at Service of Remembrance in Cathedral

An impressive sermon on the significance of Remembrance Day was given by Very Rev. Spencer H. Elliott, Dean of Columbia, at a special service held in Christ Church Cathedral on Sunday. Dean Elliott was assisted by Rev. A. E. Whitehouse, pastor of Metropolitan United Church, who offered the prayers, and the service was attended by naval and military dignitaries and representatives of many organizations.

Hon. E. W. Hamber, Lieutenant-Governor, was represented by Brigadier J. Sutherland Brown.

Taking as his text 2 Corinthians 1:10, Dean Elliott stressed the high quality of human character displayed during the Great War by those who had no liking for its brutality, but who rose superior to the outward circumstances by the sublime elevation of the inward spirit.

EUROPEAN CRISIS
In reference to the recent crisis the Dean said he did not propose to deal with Prime Minister Chamberlain's action, which had been a matter of controversy, but no one could point the finger of scorn at Mrs. Chamberlain and the thousands of others who had knelt in prayer to God. German fathers and mothers were included, and in answer God came rushing in to avert impending horror.

Of the future Dean Elliott stated there was the ever-haunting fear which led men to put trust in renewed competition of armaments, but he reminded that qualities of patience, courage, hope and faith were those which would bring safety in the end. He referred to a wartime song of soldiers and sailors: "Will Your Anchor Hold in the Storm of Life?" and suggested in closing that these voices still sounded as a challenge in the ears of those who were left behind.

after the war, which Hitler has demanded, Mr. Chamberlain declared the Government would not commit itself "in connection with this particular problem without giving full opportunity for discussion in the House."

He said that assurance should be sufficient when he was asked if he was not aware "that initiation of negotiations might commit this Government a long way with foreign governments."

Belief the Government was pursuing a colonial settlement was increased by the London visit of Oswald Pirow, Minister of the Union of South Africa, scheduled to go to Germany Wednesday to discuss the issue. He may see Chancellor Hitler.

The long-delayed Anglo-Italian accord will become effective Wednesday, Prime Minister Chamberlain announced.

So we quizzed the city Editor

With so many quiz contests around, Horace and I thought we'd get out and do a little ourselves, so we started on the city editor. (Great fellows, smart, too!)

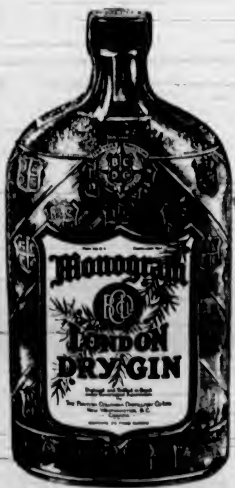

"What, in your opinion," we asked, "is the reason so many Canadians prefer Monogram Gin?"

"That's easy," said the "Ed", looking up over a brace of jingles. "It's because it's the supreme refreshment."

"Right!" we said. "100%. After all, you can pay more, but you can't buy a better Gin than Monogram."

FRENCH LINE ADDS VESSEL

Due to Increased Business Fifth Ship Placed in Pacific Service

Heaviest sailings in the history of the company's Pacific Coast operations were announced yesterday by Gilbert Macquarion, Pacific Coast representative of the French Line.

With the clearing away of the war clouds over Europe, which naturally slowed down business during the last half of September and the first half of October, a marked increase in the exportation of Pacific Coast products to all of Europe has materialized, as France, Belgium and Holland, which are regularly served by the French Line, are preparing to celebrate peaceful Christmas and New Year holidays.

Four of the French Line vessels regularly engaged in the trade will sail at ten-day intervals during November. These are the Ms. Wisconsin, which sailed from San Francisco, November 1, with a capacity cargo, including several thousand tons of dried and canned fruits and other foodstuffs. Ms. San Francisco, due to sail today; the Ms. Oregon, November 20, and the Ms. San Antonio, November 30. Large bookings are reported on each of these vessels, which will follow their usual itinerary, sailing direct to Havre, Dunkirk, Antwerp and Rotterdam.

NEW VESSEL

In addition to these regular vessels, the French Line has supplemented its service by the addition of the new, fully refrigerated, fast motorship Barfleur, which was delivered by the yards of Messrs. Burmeister & Wain in September, and completed loading in the North-west. She sailed yesterday from San Francisco, and is expected to make a record-breaking voyage direct to Havre. The Barfleur is similar to the Ms. Guadeloupe, introduced by the French Line last year. She will be followed by the Fort Royal, due to sail from the Coast in December. These vessels are all units of a large fleet of fruit carriers operated by the French Line. As many as necessary will be made available to Pacific Coast shippers as occasion requires, and such vessels will supplement sailings of French liners regularly engaged in the trade.

"MYSTERY NIGHT" HELD BY KINSMEN

A "mystery night" was held recently by members of the Kinsmen Club, their wives and friends at the Palais de Danse. President Herbert Sabiston presided.

The members were surprised to find their wives and girlfriends present when escorted to the dance hall.

At the dinner meeting the tables were beautifully decorated with flowers and colored lights, at which thirty couples were present.

Later in the evening dancing was enjoyed until 1 a.m. As an added attraction a comic dance was performed by W. Dillabough and Fred Burns and a wrestling match by Dick Gilbert and Morris Kersey.

Dancing prizes were won by Harold Bourne and Mrs. Muriel Whittington; statue dance, Dr. and Mrs. Arthur Poynter; spot dance, Mr. and Mrs. W. Dillabough, and musical chairs, George Gurr.

The arrangement committee comprised E. H. Harris and George Fatt, assisted by Mrs. Harris and Mrs. Fatt.

NANAIMO ALDERMAN SEEKING MAYORALTY

NANAIMO, Nov. 14.—Ex-alderman Peter Inkster announced today that he will again be a candidate for mayoralty honors here in December. Last year Mr. Inkster was defeated by the present incumbent, Mayor V. B. Harrison, by the narrow margin of 129 votes. He had served on the board as alderman for eight years. Mayor Harrison states that he will seek re-election this year.

FORUM QUESTION MAY GO TO POLL

Provincial Government Outlines Position to Delegation From City of Victoria

At the city elections on December 8, property owners may be given an opportunity to express their wishes regarding the construction of a civic auditorium and sports arena, as suggested by the Victoria Forum Association.

Yesterday morning Mayor Andrew McGeavin, Aldermen W. Lloyd Morgan and Edward Williams laid before Hon. A. Wells Gray, Minister of Municipalities, and J. C. Bridgman, inspector of municipalities, the proposals of the Victoria Forum Association.

Mr. Gray indicated the Provincial Government would forward a recommendation to the Federal Government supporting the city's request for a loan, provided that construction estimates and proof of the earning power of a forum were furnished.

The city delegates were advised to place the scheme before the property owners in the form of a referendum. With that object in view, the question will be discussed at the next council meeting.

"SACKCLOTH AND ASHES"

"Sackcloth and ashes," idiomatically used for mourning attire, is a symbolism which comes to us directly from the ancient Hebrews, among whom, however, it was no figure of speech.

When in mourning for their sins or for their departed, the Jews of Biblical days literally donned this coarse fabric and rubbed ashes over their bodies.

These acts, however, were far more deep-seated than is generally realized; for they were a survival of the custom of early man, still prevalent with many savage tribes, after the death of a dear one, of disguising oneself from the spirit world by mud or mud and would don clothes entirely different from what was usually worn, a costume of grass, say, which covered the body, face and head completely.

This served not only as a disguise, but also as a warning to all who saw, since primitive man believed death to be contagious.

CLAIMS PLAN UNWORKABLE

Colin Cameron Attacks British Farm Settlement Scheme

Colin Campbell, M.P.P. for Comox riding, is by no means enamored of the colonization scheme for bringing in 10,000 settlers from Great Britain to enter upon the land. Speaking before the Gyro Club yesterday in the Empress Hotel, Mr. Cameron voiced his opinion of the proposal as being altogether an impossible one. He said that he did not object to immigration as such, but he was opposed to bringing in settlers from the Old Country and put them to farming, which was not a paying proposition today.

Wherever one went in British Columbia it was found that farmers were suffering because they could not sell their produce or were not able to get proper prices for it, said the speaker. It was not reasonable, therefore, that newcomers to the country could do any better. As the market situation of the industry languished, this would continue, he argued, as long as British Columbia farmers depended upon markets over which they exercised no control.

Mr. Cameron painted the picture of unemployment in the country with no opportunity for young men and women of securing employment. The latter situation was not good psychologically, even if the young people were in instances not suffering therefrom. In the past few years \$68,000,000 had been spent and there was nothing to show for it, with unemployment still abounding.

The speaker declared that the situation could be cured, but the bringing in of 10,000 settlers would not accomplish it. An economic system could be evolved in British Columbia to take care of all. Private enterprises were not developing the country. Some of the natural resources had been squandered, with nothing to show for it. Young men would not stay on farms now. There would have to be modernizing of farming with machinery. Industry would have to be subsidized with modern machinery. Mr. Cameron wanted to know how long or how much were they prepared to pay for the continuing of "the present outworn economy."

Land Costs Given—Pursuing information on the cost of land schemes, Conservatives obtained further replies in the Legislature yesterday. Hon. A. W. Gray, responding, stated total costs on University Townsite lands to date had been \$2,818,856, with \$956,255 collected by the Government in rents and otherwise in the area. The Camp Lister Development Area, under the Land Settlement Board, had cost \$1,001,751 up to October 31 last, with \$130,850 collected in rents and otherwise in that area.

Variety Programme—The Whiz Bang vaudeville troupe presented a variety programme at the Army and Navy Veterans' smoking concert in the clubrooms on Friday evening. Artists contributing to the programme under Bill Hansen's direction were: Tharaka Singh, Aubrey Jones, J. Donaldson, E. H. Bragg, George Durham, Frankie Ellis, Alfred Prescott, Able Seaman Post, Reginald Storer, Jim McBeth, Andrew Pollock, Stanley James, P.O. Percy Swetman, Ronald Smith, Comrade Inglewood and Tom Obee. Jerry Schofield was accompanist.

City Publicized—Victoria is freely publicized on a large map of the world, about six feet long, in the big circular underground entrance under Piccadilly, Circulo, which shows the local time all over the world, according to T. J. Goodlake, a former president of the Victoria Automobile Club and president of the Rotary Club, who is now living in England. In a letter to Mayor W. G. Cunningham, secretary-manager of the automobile club, Mr. Goodlake said there are about a dozen towns in the world distinguished by light bulbs on this map, surrounded by a conspicuous circle. The only two so marked in North America are New York and Victoria, this city covering so much territory that Vancouver is not marked at all.

Club Holds Bazaar

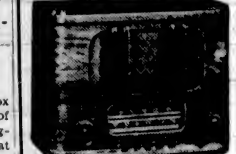

The bazaar held by the Victoria Club for the Hard-of-Hearing on Saturday afternoon was most successful, both financially and socially. The affair was opened by Mrs. C. J. Fagan, who, in a few appropriate words, gave the club credit for what it had accomplished.

The rooms were thronged all afternoon and the stalls well patronized. Winners of the cake were Mrs. Hanson and Miss Doodiehead, and the basket of candies was won by Mrs. Fribberg. Prize winners in the drawing will be announced on Wednesday evening at the club at 1011 Government Street, when a programme will be given over the radio-hearing-aid. All hard-of-hearing persons and their friends will be welcome.

MEDICAL AID FOR CHINESE IS SENT

A shipment of upwards of 1,500 folded bandages, some swabs, slings and sponges and two cases of clothes for refugees went out on the Empress of Canada Saturday, from Victoria, consigned to Mrs. Selwyn Clarke, secretary of the China Defence League, Hongkong, for the use of the Canadian surgeon, Dr. Richard F. Brown.

In addition, a draft for one hundred dollars, most of which was raised by the rummage sale recently held, is being sent for medical supplies. The committee appreciates the co-operation of Miss Mitchell, of the Jubilee Hospital, through whom arrangements are made for the sterilization of bandages.

The rooms of the Committee for Medical Aid for China, at 1426 Government Street, are open daily from 2 to 3 p.m. at present. However, since an increasing number of Victoria women are offering their services for bandage making, it is planned shortly to arrange to keep the office open some mornings in the week. In this connection, the committee is faced by a shortage of used cotton, linen and flannel, etc., which it is hoped may be overcome. Donations of material will be called for if it is inconvenient to deliver them. The telephone number is Empire 4725.

Local Council of Women Indorses Request of John Howard Society That Government Erect Adequate Quarters for Women

THE urgent need of improvement of the women's quarters at Oakalla prison farm was again discussed at the monthly meeting of the Local Council of Women, held yesterday afternoon at the Y.W.C.A.

The matter came before the meeting in the form of a resolution passed by the John Howard Society, read by Mrs. Alan J. Campbell. This noted "overcrowded and insanitary" conditions, and asked the Provincial Government to take speedy measures for the erection of adequate quarters. In recommending the council to endorse the John Howard Society's plea, Mrs. Campbell commented on the comprehensive statement made by Mrs. Paul Smith, M.P.P., to the present session of the Legislature on the subject just a week ago. On motion of Mrs. William Grant, who noted that this matter was a hardy annual before the council, the council supported the resolution.

Yesterday's meeting, with the president, Dr. Olga Jardine, in the chair, covered a great deal of detail. The proceedings opened with standing tribute to the memories of Mrs. Helen Edith Bridges, Mrs. Fraser and Mrs. Richardson. The corresponding secretary, Mrs. Alfred Carmichael, sent a message of regret at her inability to attend, owing to illness.

ANNUAL MEETING

Correspondence included a letter giving notice that the provincial council would meet in Victoria on Thursday, November 24, at the Y.W.C.A., sessions to continue from 10 a.m. to 5:30 p.m. Official delegates from the Victoria Local Council were named as follows: Mrs. A. E. Hopkins, Mrs. Alfred Carmichael, Mrs. Hugh Mackenzie, Mrs. J. W. Gibson, Mrs. Fleming, and, as alternative, Mrs. William McManus. The provincial council meeting will be open to any members of the council or others interested. Mrs. Bingham will address the afternoon session, giving a report of the international conference at Edinburgh.

Patroness of Rugby Dance

MRS. E. W. HAMBER

Who, with His Honor the Lieutenant-Governor of British Columbia, is lending her patronage to the Victoria Rugby Union dance to be held on Friday, December 9, at the Empress Hotel from 9 p.m. to 1 a.m. in aid of the injured players of St. Joseph's Hospital fund. Other patrons include Commander V. G. Brodeur, R.C.N., and Brigadier J. C. Stewart. Tickets may be obtained from all Rugby players or members of the Junior Auxiliary to St. Joseph's Hospital.

system of licensing or inspection of accommodation. Dr. Jardine reported that the Y.W.C.A. Travelers' Aid was making a survey of rooms and boarding houses offering reasonable rates for women.

Mrs. William McManus gave an excellent report on educational films, commenting that Canada lagged behind the United States and some other countries in availing themselves of such. The good work of the Legion of Decency, working in the United States, would, she thought, bear good fruit in about three years' time. In the meantime of 500 films examined by them, only seven had been condemned, 345 were rated Class A, 194 Class A Section 2, and thirty-two as Class B. Magazines objected to on local newspapers had been withdrawn.

SUPPORT MRS. CHRISTIE

Mrs. H. P. Hodges' motion that the council support Mrs. A. S. Christie for re-election as candidate for office of school trustee at the forthcoming civic elections received unanimous endorsement. The council standing committee on citizenship, of which Dr. Jardine is convener, will have charge of the campaign, other members appointed to the committee yesterday being Mrs. McManus, Mrs. Bertha Parsons, Mrs. J. Hall, Mrs. Frame and Mrs. White.

Mrs. Crease was thanked for making the council's wreath which was placed on the cenotaph on Remembrance Day.

A report was given of the opening at the High School of the new home economics department.

Miss Crease announced that Dr. Ethelyn Trapp, Vancouver, would address a special meeting, under the sponsorship of the local council, on Friday, November 25, at 8:15 p.m., at the Crystal Garden. The meeting passed a grant of \$25 toward the expenses of this meeting. The subject will be "Cancer Control in British Columbia."

Intermediates Enjoy Recital Of Good Music

The intermediate branch of the Musical Art Society met Monday evening at the New Thought Hall, Port Street, and enjoyed an excellent programme of pianoforte, violin and vocal numbers, and other details. About sixty-five members were present and accorded a welcome to the new convener, Miss Beatrice Griffin.

The programme included piano solos by Ursula Hills, Elsie Price and Nancy Stephenson; violin solo by Marie Vowles, songs by Thelma Gaetz, a reading by Joyce Baylis, and a few interesting remarks by Irene Godfrey on Dorothy Crawford, monologist, the first artist of the community concert series.

Drama Teams In Vancouver To Come Here

At a recent meeting of the British Columbia regional committee of the Dominion Drama Festival, held at the home of the chairman, it was announced that, as it was unable to arrange an elimination contest in Vancouver, the chairman has asked the Vancouver teams to enter the regional contest direct. Lieut.-Col. J. J. Barton has been appointed to act as the Vancouver representative of the committee.

It was decided to invite the Little Theatre Association to enter its highly successful play, recently presented, "Night Must Fall," for competition in the regional contest should it so desire. The Beau-Arts Society has already received an invitation to enter Noel Coward's play, "We Were Dancing," presented by them last Spring. The committee felt that the acting in these two plays was of such a high order as to justify a second presentation.

In view of the distance of London, Ont., from Victoria, and the extra expense to the selected team involved, it was decided to slightly increase the price of the tickets for the regional contest.

The regional social secretary, Mrs. Duncan MacBride, was requested to complete arrangements for the billing of the Okanagan team which is expected to compete in the regional contest, which will take place in Victoria from February 15 to 18, 1939, or for as many nights as there are plays to fill. Organizations wishing to compete should advise the honorary secretary at an early date, stating whether they wish to enter long or short plays. The names of the regional or of the final adjudicators have not been communicated.

Birthday of Church Marked by Concert

A successful concert and social in the form of a birthday party was held in the Parish Hall of St. Martin's-in-the-Fields, Church, on the occasion of the twelfth birthday of the church. Rev. Canon Stocken presided as chairman.

The concert programme was a pleasing one, each number being enclosed. It consisted of several clever items by the Sunday school girls and delightful vocal and instrumental solos, also the newly-formed Glee Club of St. Martin's made its debut.

The hall was filled to capacity and, at the conclusion of the concert, the Ladies' Guild served refreshments.

Miss Ruth Humphrey, of the staff of Victoria College, gave an address on her visit to South Africa and the club's thanks were expressed by the president, Mrs. James A. Bland. Tentative plans were made for a telephone bridge party in aid of the Christmas work fund. After the meeting, which was attended by about forty-five members, Miss Clay served refreshments.

BARNES-SLUGGETT

Baskets of pink and white chrysanthemums were arranged in Central Baptist Church for the marriage of Daisy Belle, youngest daughter of Mr. and Mrs. J. W. Sluggett, Brentwood, and Mr. James A. Barnes, youngest son of the late Mr. and Mrs. J. A. Barnes, Victoria, which took place at 8:30 o'clock on Saturday night, with Rev. Dr. J. B. Rowell officiating. The bride was given in marriage by her brother, Mr. W. Sluggett, and wore a princess gown of white satin with a lace collar and insets of lace in the shoulders. Her veil of net was arranged with orange blossoms in cap effect, and she carried a bouquet of red roses and lilies of the valley. Miss Alma Sluggett was her sister's maid of honor and wore a pretty frock of pale pink lace, and the bridesmaid was Miss Edith Price in a frock of pale blue net with panels of lace in the skirt. They both carried sheaves of pink chrysanthemums. Daphne Fairall, in a dainty frock of pale green tulle, and Marie Kerr, in pink silk, both nieces of the bride, were flower girls, and carried Victorian posies of mixed flowers. Mr. Jack Barnes was his brother's best man, and Mr. Charles Sluggett and Mr. Richard Roe were ushers. Mrs. M. W. Tapscott sang "O Promise Me" during the service, and Miss Dorothy Clarke presided at the organ. A reception was held later in the K. of C. Hall, where dancing was enjoyed and a buffet supper served. Before the bride cut the cake, which stood on a small table between vases of pink carnations, the toast was proposed by Mr. H. Atfield, an old friend of the bridegroom's family. Mrs. Fairall, an aunt of the bride, received the guests in a smart ruff outfit, assisted by Mrs. D. Campbell in a wine ensemble, who both wore corsage bouquets of pink carnations. After a honeymoon on the mainland, for which the bride left in a brown and green costume, Mr. and Mrs. Barnes will make their home on Simcoe Street. Among the guests at the wedding were Mrs. Gimmell and Mrs. F. Elliott, Vancouver, aunts of the bride, and Jack and Maxine Elliott, her cousins, and Mr. Charles Brown, Cowichan Lake, a uncle.

TONY GALENTO STOPS THOMAS IN THIRD ROUND

Rangers Capture First Tussle by Defeating Wings

Lester Patrick's Hockey Squad Starts Schedule by Nosing Out Detroit, 4-3—Americans Score Victory Over Bruins, 2-1—Chicago Black Hawks Are Victorious Over Canadiens

By JACK CALDER
Canadian Press Staff Writer

Dellah may have been doing more than she reckoned when she destroyed Samson's will to win by cutting his hair. She may have put ideas into the heads of people around the National Hockey League of 1938-39, who soon may want to stop New York Rangers in the middle of a winning streak.

If Rangers continue as boldly as they began their schedule Sunday, when they came from behind to whip the Red Wings, 4-3, at Detroit, Manager Lester Patrick will have to put a guard on his bearded defencemen to protect them from scissors wielders. Or maybe M. Lestaire wouldn't mind so much, since he'd save \$500 if his son, Murray, and Art Coulter were to lose their whiskers.

It all started innocently when the players kidded Coulter about his short hair back in the Winnipeg training camp. Art said he could raise as good a crop as anyone and the boys jokingly offered him \$500 to let his beard grow. Then he included young Muzz the Fuzz by putting up the money for the one who let his beard grow the longer.

Through careful watering and raking, they have cultivated luxurious growth that went on display last night at Detroit's agnate Olympia. They say they're determined to keep the foliage for the season and split the money.

AIDS COVILLE

Muzz was the only one of the two who figured in a goal, aiding Neil Coville in the winning one. But Coulter expects big things and the time he has sufficient growth to hide the puck in it.

Two goals by Eddie Goodfellow brought Detroit an early lead and the Broadway blueshirts didn't start to click until late in the second period. Then Alex Shibicky scored, and Cecil Dillon, Lynn Patrick and Coville whipped in successive goals in the third to produce a 4-2 lead. In a desperate last bid, Marty Barry scored for Detroit, but the Wings couldn't pierce Dave Kerr's guard again as they recorded their third loss in three starts.

Defeat left Detroit pointless behind Montreal Canadiens, who dropped their third and fourth straight during the week-end to the Maple Leafs at Toronto and the Black Hawks at Chicago. Harvey Jackson scored three times in Leafs' victory.

CRICKET TOUR OF CANADIANS NOT ACCEPTED

Canada Will Not Send Team To Old Country—Australians on Tour

TORONTO, Nov. 14 (P).—Canadian cricket authorities are unable to accept the Marylebone Cricket Club's invitation to send a representative team to England next summer. A. A. Dodge, secretary of the Canadian Cricket Advisory Board, stated today various difficulties have arisen to make such a tour impossible, but it was hoped to send a team in 1941.

Early this year the M.C.C., impressed with the showing made by Canadian players against the English touring team of 1937, invited Dominion officials to sponsor a tour in 1939 or 1941, in which Canadian cricketers would meet some of the first-class and minor counties and the universities.

If suitable arrangements can be made, there is a possibility an Australian team may visit Canada in 1939. Early in the year Australian cricketers proposed a tour for last summer, but it was impossible to arrange matters through lack of time.

VANCOUVER, Nov. 14 (P).—J. Fyfe Smith, president of the Mainland Cricket League and member of the Canadian Board of Control, said tonight negotiations were going forward for an Australian cricket team to tour Canada next year.

The Australian "rep" team would probably arrive here some time in June and play Canadian cities from coast to coast. They would also play matches in Eastern United States cities, as they did in their last tour in 1931. Mr. Smith said. The tour would last from six to eight weeks.

"If guarantees are forthcoming from Canadian cities to finance the tour, I am sure we will be able to bring out an Australian team next year," the league president said.

Negotiations are being carried out through the Australian Board of Control.

VICTORIA UNITED WORKOUT

Victoria United F.C. will hold a workout tomorrow night at 7 o'clock at the Royal Athletic Park and the following players are asked to attend: T. Restell, G. Leggett, Joe Watt, J. Cook, A. Wilkinson, R. Bell, G. Cooper, G. Robbins, R. Barnes, H. Thompson, G. Bell, Nip Sage, A. Stewart, H. Sage, J. Worwick, T. Hope, E. Barnwell, N. Morgan and G. Payne.

Hooked in Island Lake

Fishing in St. Mary's Lake, the largest body of fresh water on Salt Spring Island, A. C. Critchley, of Vancouver, hooked these two beautiful trout among his bag of thirteen, recently. One of the trout weighed four pounds and one ounce, and the other tipped the scales at three pounds and six ounces. As the lake during the last few years is reported to be reaching a lower level than formerly, it is the opinion that any trout now in the lake will not be able to get out so easily, and that they should multiply and give excellent sport to fishermen.

CAGE SQUADS TO FIGHT FOR SECOND BERTH

Senators Will Battle Northwesterns Tomorrow Evening—Tookes Coming

Coming together for the first time this season, Senators and Northwestern Creamery, men's senior "A" hoopers, will hold the spotlight position on tomorrow's basketball programme at the High School gymnasium. The clubs are joint occupants of second berth in the local race, and undisputed occupation of that position will be the fruit of victory in the coming clash.

Senators, chiefly because they dropped their game to the Dominions by a smaller margin than the creamerymen, rule slight favorites in tomorrow's important fixture. But those fans who saw the Northwesterns in action against the leaders know full well that the Senators are going to have a fight on their hands.

Eight basketball fixtures are carded at the High School gymnasium this week, with tomorrow's Senators-Northwesterns and Saturday's inter-city battle between the Victoria Dominions and Tookes, Vancouver, being the feature attractions.

Tookes, sharing with Westerns and Munros, first place in the Vancouver League, turned back Stacey, 26-25, Saturday in a league tilt, and will be out to defeat the Dominions. Local fans will recall how Stacey turned back the Dominio aggregation, 27-25, here two weeks ago.

WEEK'S SCHEDULE

The week's cage schedule, announced yesterday by Secretary Wally Yeaman, follows:

Wednesday

7:15—Y.M.C.A. vs. Buckles, intermediate "A" boys.

8:15—Tully's Units vs. Gainers, women's league.

9:15—Senators vs. Northwestern Creamery, senior "A" men.

Thursday

7:15—Bees vs. Pirates, intermediate "A" boys.

8:15—Garrison vs. Spencers, senior "C" men.

9:15—West Road vs. Crescents, senior "B" men.

Saturday

7:45—Y.M.C.A. vs. Ramblers, intermediate "A" boys.

9:15—Victoria Dominions vs. Vancouver Tookes, senior "A" men.

Letters to the Editor

RE McKECHNIE CUP TEAM

Sports Editor:

Sir:—The trial game of the rep team on Saturday must have been a sad disappointment to its selectors, and the view was expressed that federal changes will be necessary if, as we hope, the team is to be victorious at Vancouver on November 26. The forwards, lacking leadership and cohesion, but that leader was found on the opposing side in the person of Campbell Forbes.

The amazement in Victoria at this man's omission was only exceeded by the satisfaction felt in Vancouver, and it is to be hoped this will be rectified without delay. The backs were poor in defence and not much better on attack, one of the wings consistently ran across the field, instead of down it, and the five-eighths had the unfortunate trick of revolving when he received the ball from his halfback, actually he did it eleven times in this game. Against the particularly good five-eighths of both Vancouver and Varsity this year, this fault will be fatal.

Might I suggest that Ferguson be tried at wing, as he would be excellent in this position, having speed, swerve and good hands, but if this is too much for the selectors to swallow, then put him at fullback and bring Grogan into the three-quarter line. Grogan is worth his place as centre on any team, always provided he will bear in mind that there is a wing man. If the selectors will consider these changes, all may yet go well. In closing, may I ask why the Victoria referees ignore the rule, rigidly enforced in Vancouver, that in the lineout there must be a clear space down the centre between the opposing forwards? Here they lineout as they did in the 1937 year.

Percy Shrimpton will referee. Victoria City and Spencers, third and fourth berth occupants, respectively, will meet at the Royal Athletic Park. Bill Cull will foot the whistle. Kick-offs are set for 2:30 p.m.

HALTS MINNEAPOLIS FIGHTER DECISIVELY IN COMEBACK BATTLE

New Jersey's Talkative Heavyweight Scores Easy Victory Before 12,000 Fans in Philadelphia Ring—Crowd Boos Lustily at the Finish—Goes Down Four Times in Third

PHILADELPHIA, Nov. 14 (P).—Titanic Tony Galento flattened Harry Thomas in three rounds tonight with as much trouble as he'd have downing ten or a dozen beers in his Orange, N.J., tavern. Galento weighed 236; Thomas 198.

Before a crowd of 12,000, who came close to filling Philadelphia's Convention Hall and boomed the finish roundly, the two-ton gent from Jersey dropped the former blacksmith and railroad man from Eagle Bend, Minn., four times in the third round, twice with punches that barely landed.

When Thomas sank to the canvas a fifth time—on this occasion before Tony could rush in at him—Referee Tommy O'Keefe called a halt to the proceedings at 2:12 of the session.

Thus the Jersey nightstick came back to the ring wars he was forced to desert last summer to tangle with "kid pneumonia" in a battle to the finish. From what he showed tonight, the cash customers were more or less convinced that the heavyweight championship laurels of Joe Louis are safe for a while.

Opening the third round finale, Tony shook Thomas with a south-paw smash to the body. He followed this up with a roundhouse left to the head that Thomas ducked away from, but couldn't quite elude down went Harry, while the referee tolled nine. As he climbed to his feet again, Tony threw another left, this one landing against the side of the body, and Harry went down again, this time for a fourth count.

Another left to the body, partially blocked by Thomas, sent the Westerner to the canvas again, and he took another nine. When he got up, Tony threw a left to the side of the face in return, and Harry sank slowly to a sitting position for a six-count. At that point, he tried to get up, succeeded only partially, and then collapsed again. O'Keefe did the rest in calling a halt to the proceedings and declaring Galento victor via the technical knockout route.

Thomas, previously stopped by Joe Louis, Max Schmeling and Jimmy Adamek in various appearances in the East, showed little or no aggressive tactics tonight. He appeared content to fend off Tony's locomotive rushes and roundhouse punches, and then every once in a while took a chance at a right-hand swing to the head.

In the second, a right connected with Tony's Adam's apple, and ice packs were applied to this portion of Galento's considerable anatomy in his dressing-room afterwards.

College Ruggers Defeat Old Boys

Victoria College Intermediate League Rugger defeated the Old Boys, 6-3, in an exhibition match played at the Victoria High School grounds. On the short end of a 3-0 score at the breather, the students from the Craigdarroch institution bagged their six points in the final stanza.

Ted, Colgate, ex-rop fullback, kicked the Old Boys' three points in the opening session from a penalty kick. In the second half, "Rick" Williams equalized on a free

kick, and in the late stages of the match dribbled over for what proved to be the winning points.

Bod McInnes and Dan Doxwell refereed.

Teams follow:

Victoria College: McLean, Fields, Adam, McDonald, Ogilvie, Hughes, McMartin, Pearce, Williams, Fricker, Staples, McMillan, Tyhurst, Sturrock and McKean.

Old Boys: Colgate, Copeland, Colvin, Evans, McKenzie, Robertson (Vancouver), Coste, Lannigan, Garriem, McKee, R. Whittaker (Cobbie Hill), G. Whittaker (Cobbie Hill), Miller (Vancouver), Jones, D'Arcy and McInnes.

GAME BODY TO MEET

The annual meeting of the Victoria and District Fish and Game Protective Association will be held this evening at the Chamber of Commerce Auditorium at 8 o'clock.

Officers for the coming year will be elected and many items of interest to sportsmen will be discussed. All members are asked to attend and bring a friend along with them.

GRID FINAL DECEMBER 10

Canadian Championship to Be Settled Next Month—Games This Week

TORONTO, Nov. 14 (P).—The East-West football game for the Canadian championship probably will be played Saturday, December 13, in Sarnia, Toronto, Ottawa or Montreal, though the Canadian Rugby Union hasn't got around yet to worrying much about the classic.

Either Winnipeg Blue Bombers or Calgary Bronks will represent the West. The Bombers, Canadian champions in 1935 and runners-up to Toronto Argonauts last year, won the Western Inter-Provincial Union title Saturday by beating Bronks. Stripped of C.R.U. ineligible, the same teams will play a sudden-death game Saturday to determine which travels East.

In the other sector the contenders are Argonauts and Ottawa Roughriders in the Big Four, Sarnia Imperials and Montreal Nationals in the O.R.F.U. Argos and Roughriders are scheduled to play a home-and-home, total-points series November 19 in Toronto and November 26 in Ottawa. On the same dates Nationals and Imperials decide the O.R.F.U. title.

EASTERN FINAL
Thus the Eastern final between the O.R.F.U. and Big Four champions can not be played before December 3 and the Canadian final before December 10. If anything should happen to delay the Eastern playdowns, the boys will be in mole-skins till nearly Christmas.

The 1937 classic in Toronto was staged in twenty-nine above-zero weather, on a field frozen by two weeks of near-zero weather. Argos won that one, 4-3, before a crowd of 13,000 that enjoyed the thrilling duel too much to mind the temperature.

Trophy Golf at Gorge Vale Club

George Pretty and Jack McNeill and H. Philbrook and Cordie Pettit crewed the final of the annual Roger Trophy competition Sunday at the Gorge Vale Golf Club. The former combination defeated Bill Marshall and George Baird, 5 and 4, while Philbrook and Pettit were taken to the thirty-fifth green before eliminating Doug Morry and George Bevan. The winners will meet next Sunday, teeing off at 9 o'clock.

Semi-finals of the Wenger Trophy were also run off during the weekend. Miss P. Hill and Mrs. A. O. Cooke beat Miss A. L. Doigan and Miss L. Newham, 3 and 2, and Mrs. C. H. Cross and Mrs. S. Cooper advanced when Miss J. Torrance and Miss I. Whitaker defaulted.

ENGLISH RUGBY

LONDON, Nov. 14 (P).—Swansea defeated Cambridge University, 13 to 11, in an English Rugby Union match played at Cambridge today. In a Rugby League encounter at Oldham, Warrington overcame the home team, 28-22.

WINNER AT OAK BAY

H. F. Hepburn won the third monthly medal competition held at the Victoria Golf Club Sunday with a card of 77-9-68. G. K. Verley was the runner-up, along with W. H. M. Haldane, with net 69's. W. B. Leach was next on the list, and H. E. Haynes fifth with a net 73.

HORROR FILMS COMING TO DOMINION FRIDAY

"Frankenstein" and "Dracula," two of the strangest and most weird moving pictures ever turned out in Hollywood, have been combined to make a double "horror" bill at the Dominion, starting Friday.

Amazing electrical machines, arch fiends, ghouls and wicked hunchbacks are features of these exciting pictures.

Boris Karloff is the man-made monstrosity in "Frankenstein," and Bela Lugosi is the human vampire in "Dracula."

Three pictures are not recommended for children, or those with weak hearts, and patrons are advised to come accompanied by others.

ATLAS A charming, heart-breaking comedy drama about life in a musical family of lovely daughters, occasionally ruffled by the masculine world outside. "Four Daughters," now at the Atlas Theatre, is one of the finest pictures ever made, and one of which the entire motion picture industry must be justifiably proud.

CAPITOL With India's North-West Frontier and the mysterious and forbidden Khyber Pass as a background, where the drama call to action and the smoldering hatreds of East and West burst into flame, you have the stirring and intriguing setting for "Drums," now at the Capitol Theatre.

COLUMBIA Martha Raye, swinging theatre, featuring "The Big Broadcast of 1938" at the Columbia Theatre, with W. C. Fields starred, and Dorothy Lamour, Shirley Ross,

Jane Dixon Says:

A MIDDLE-AGED WOMAN WANTS TO KNOW WHETHER IT IS
POSSIBLE FOR HER TO WIN BACK HER HUSBAND WHO IS IN
LOVE WITH ANOTHER WOMANToday's problem is one that comes to this column regularly, and
with increasing frequency. Scarcely a day passes but what it crops up
in one form or another.Practice should have made the conductor of this column facile in
answering, no matter what new and baffling form the problem may take.
Practice should have—but it hasn't.Religious conviction, personal prejudice, pride, resentment, love
that fights frost or even icy death—all of these enter into a solution
of the problem and leave the answer an unknown quantity.

Were you the woman in today's case, what would you do?

Dear Miss Dixon: For months I have been under a great strain.

My husband and I are middle-aged. I am somewhat older. We
have no children. My husband never has wanted children.Some time ago I discovered that my husband was very much in
love with a friend of ours, who is several years younger than I, and
that she is also in love with him. They have been in love for a
long time.Although she is making no move to see him, she has made it
clear that she always will love him. What can I do?To me divorce is a disgrace, and in some ways it might ruin my
husband's business. I have tried to make him understand his
allegiance is to me. I feel he is being fair to me in what I ask, but
always I have the feeling that his love is with the other woman;
that he, truly, is with her in heart and soul if not in body.Am I doing right in denying them friendship and the fulfillment
of their love? Will my husband come to despise me for hanging on?
There are times when I feel he is being kind to me for duty's sake.
Are all men unfaithful? Is it possible, at our age, for me to win
his love back again?I beg of you or some of your readers to help me. I'll be so
thankful.—A.M.Comment: Love can be reclaimed at any age, providing it is not
stone dead. If it is dead for you and is blooming elsewhere, your chances
or winning it back would be one in a million.About the disgrace of divorce—if divorce were disgraceful, the
state would not provide for it. It is not the way of States to write
disgrace into their statutes.Are all men unfaithful? Certainly not, any more than all women
are unfaithful. Don't be blinded by the misery that loves company.Were I in your position, I should allow my husband to decide
whether there must be a parting of the ways. The burden of living with
a man whose heart and soul are elsewhere—no children involved—would
be intolerable. This, however, is purely a personal reaction.

Orient Ports

Delayed by a succession of storms on the North Pacific, the Canadian Pacific S.S. Empress of Russia, Captain J. P. Patrick, R.N.R., commander, was almost twelve hours late yesterday arriving alongside Rithet Piers. The liner docked at 7:30 p.m. and came in from Manila via ports in China and Japan. Aboard were 172 passengers in all classes, a number of whom left the ship here.

Included on the liner's "who's who" were A. C. Walton, of the education department, Hongkong; W. C. M. Wilson, connected with the Asiatic Petroleum Company, Hongkong; Mr. and Mrs. D. Milne, the former being connected with the Ford Motor Company, Singapore; A. M. Duncan-Wallace, with the Hongkong and Shanghai Banking Corporation, Ipoh, Malaya, and

The Crow of Croup Worries the Mother

When the child wakes up in the night with a croupy cough, apnoeic croup, it strikes terror to the mother's heart.

The child can scarcely speak, can hardly breathe, and seems to be choking.

There is no time for delay; apply hot poultices to the throat and upper part of the chest, and give Dr. Wood's Norway Pine Syrup. We know of nothing better to give prompt relief. It is absolutely safe, does not contain any habit forming drugs, and will help to soothe the inflamed membranes, stop the irritation and subside the inflammation.

Presides in Shanghai Court

JUDGE MILTON J. HELMICK
Who was a passenger bound for the Orient aboard the Canadian Pacific S.S. Empress of Russia when the liner sailed from Victoria on Saturday. Judge Helmick is connected with the United States Court in Shanghai.

Line service, the freighter Anglo-Indian, left yesterday morning to discharge general cargo for local consignees. The freighter continued to Vancouver later in the day. She docked at Ogden Point Piers.

LAUNCHED SHIP
The Johnson Line launched another fast motorship for its Pacific Coast-European service last week, when the Venezuela, sister ship of the harpoon, carried a colonial explosive bomb, which exploded when it strikes a whale, causing instant death, instead of the long hours of agonized suffering which the older method inflicted.

MODERN WHALING
Much of the romance and practically all of the danger to men and boats has gone from the hunting of whales as practised off the northwest tip of Vancouver Island, according to a story on modern whaling which appears in the October issue of C-I-L-Oval, the magazine of Canadian Industries, Limited. The old hand-thrown harpoon has given way to the harpoon gun, which is operated with a special quality of black powder. The head of the harpoon carries a central explosive bomb, which explodes when it strikes a whale, causing instant death, instead of the long hours of agonized suffering which the older method inflicted.

AUTUMN TRAVEL
Cook's report, is taking a delightful upturn, with all signs pointing to a Fall and Winter business better than last year's and a Spring and Summer season much larger than 1938. The West Indies' cruise season is about to start, with 110 special cruises scheduled, as against eighty-eight last year.

NEW VESSELS
Construction of three new 35,000-ton liners for the American President Line will start within the next six or eight months, according to advices from New York. The vessels are being designed by the Maritime Commission and will cost somewhere between \$8,000,000 and \$11,000,000 each. The new ships will maintain a speed of twenty-three knots, reducing the present round-trip trans-Pacific run by a week.

**RAIL EXECUTIVE IS

WINNIPEG, Nov. 14.—D. C. Coleman, senior vice-president of the Canadian Pacific Railway, will arrive in Winnipeg on Wednesday morning en route to the Pacific Coast on an inspection trip.

(DUE TO COLDS)**

If that cold has caused throat or bronchial irritation, put a small lump of Vicks VapoRub on your tongue and let it melt. Feel VapoRub's medication bathe the irritated membrane as it slowly trickles down your throat—bringing comforting relief—where you want it—then you can breathe a little easier. Next, melt a spoonful of VapoRub in a bowl of boiling water. Then breathe in the steaming medicated vapors for a few minutes. As these vapors work their way down through the phlegm and ease the cough. The relief that VapoRub brings you is de-lightful.

A Torpid Liver Brings Many Ills

All down through the history of medical treatment there persists the idea that by keeping the liver healthy and active you escape many of the common ills of life and some of the most serious and most painful diseases as well.

A healthy liver filters poisons from the blood and converts them into bile which as Nature's cathartic is poured into the intestines or bowels to keep them regular and active.

It is only by keeping the liver active that you can really overcome constipation and relieve the most serious forms of indigestion.

Dr. Chase's Kidney-Liver Pills are, above all else, regulators of the liver. They quickly arouse the torpid, sluggish liver to fruitful activity, ensure action of the bowels and proper working of the kidneys. Put this time-proven medicine to the test when you are feeling out of sorts from constipation or indigestion, when you have headache, or backache or the tired feelings which come with sluggish action of the liver or kidneys. 35 cts. a box, at all druggists.
